## A parent's guide to myON

Your child has access to myON- a digital library containing thousands of authentic and exciting books. The online library books come with lots of tools to help your child enjoy and improve their reading, including audio narration. Follow the guide below to help your child discover their read.

1. Click I'm a student and input your child's username and password. Use the unique URL to Juniper Hill that is attached or see this week's newsletter for the hyperlink (22<sup>nd</sup> September).

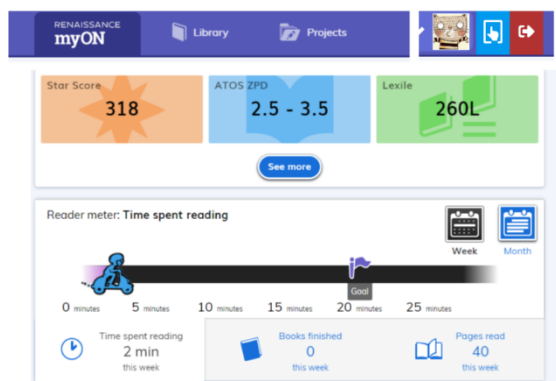

<https://global-zone61.renaissance-go.com/welcomeportal/6707596>

2. The first time your child logs into myON they will be asked to complete an Interests Questionnaire so that myON can recommend books they will enjoy.

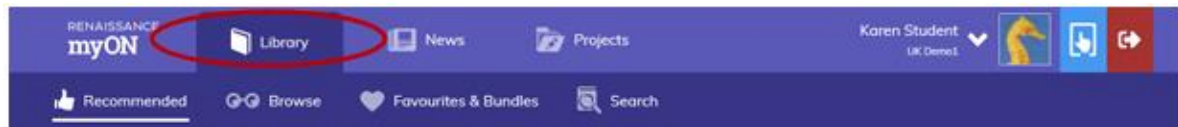

3. This will take you to your child's account.

[Type here]

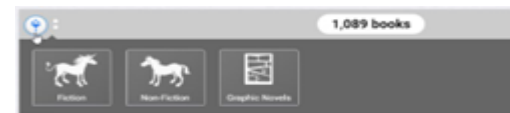

4. In the library you will see many categories of recommended books, including books in your child's ZPD (their reading range), top picks, new books, and more! Scroll down to the bottom of the page to view all this content.

5. View all books on myON by browsing through the different genres. 1) Select Library > Browse. 2) Click on one of the categories to see books in that category. Then choose a subcategory.

If you select the  (filter) icon, you can also choose whether to see only fiction books, only non-fiction, or only graphic novels.

6. Click 'search for books' on a specific topic that your child is interested in. This might be a topic they are learning about in school. 1) Select Library > Search. 2) Search for books by title, author and other criteria. You can look for books that are fiction or non-fiction, books with certain reading levels, books for your child's year group, and different types of stories using the  filter option.

[Type here]

7.

### Reading a book in myON

To see more information about a book, move the mouse cursor over the book. To open the book and start reading it, select the  read button.

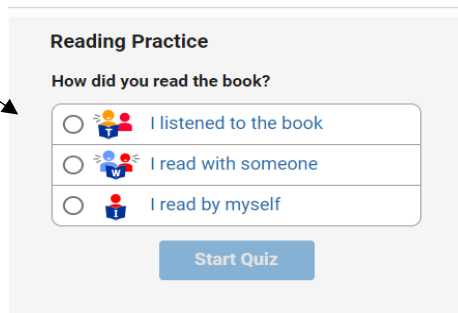

To see information about the book, select the  info button and a window with information about the book will open.

This will tell you if there is a quiz for the book and how many points it is worth.

## Quizzing

1. Click the title of the book. Click read. Complete the entire book. After this, click exit in the top right-hand corner. Click the book cover and click 'take AR quiz'.
2. Choose the applicable option when completing the quiz.

3. Complete multiple-choice questions associated with the book. Complete all questions to see your total points score.

Question 1 of 5

Which of the following is true of spiders that build webs?

- A. They have a sticky film on their legs.
- B. They do not have very good eyesight.
- C. They live longer than hunting spiders.
- D. They need to feed three times a day.

4. To view points gained, click 'take AR quiz' on **any** book. It will show the below option. Click 'progress' to see the rocket.
